# CHRYSANTHEMUMS

(Hardy Mums)

Our Hardy Mums are grown on a light, sandy loam, which makes wonderful plants, with clean, healthy roots, without rot or disease. All varieties are fine for cutting

NAMED VARIETIES—\$90.00 per 1000.		
IN SEPARATE COLORS—\$9.00 per 100 ; \$70.00 per 1000.		

## MIGNON DAHLIAS

Traveling in Europe last summer, Mr. P. Weller was surprised at the popularity of this variety or class of Dahlias over there. Everywhere he observed most gorgeous and striking beds of these beautiful flowers, in parks and private gardens, along boulevards and driveways, and he made up his mind that if anything should be introduced in America it be the MIGNON DAHLIA.

These are unsurpassed for bedding plants where quantities of flowers are required during the summer months. These single-flowered Dahlias attain a height of about 18 inches and begin to flower early in June and continue to do so until frost. The flowers are about 2-3 inches across and the colors are most striking, from pure white to golden yellow and orange and from light pink to deep carmine red and purple. They should be set about 18 inches apart in beds in June, either in the border or solid beds.

Where one desires a great deal of color, we strongly recommend the Mignon Dahlia.

Per 10 Per 100

We offer them in one-year-old plants, mixed colors..... 2.00 15.00  
In a year or two we hope to offer them in named varieties.

## SOME PERENNIALS FOR CUTTING AND DRYING

This is a class of plants which may be most profitable of all. They can be cut in flower during the summer and put in bunches to dry, hanging them upside down in some dry place until winter, when they can be used in bouquets very artistically in the place of greens.

Per 10 Per 100

	2.50	20.00
ARTEMISIA SILVER KING. Beautiful silvery foliage.....	2.50	20.00
CATANANCHE COERULEA. Heads of deep blue flowers.....	1.25	10.00
